South Hackensack School District

School-level Plans for Professional Development Implementation

"Probably nothing within a school has more impact on children, in terms of skills development, self-confidence, and classroom behavior, than the personal and professional growth of teachers. When teachers individually and collectively examine, question, reflect on their ideals, and develop new practices that lead toward those ideals, the school and its inhabitants are alive. When teachers stop growing, so do their students."

Roland Barth

Run School Run

Background

The South Hackensack School District, through its staff development policy, endeavors to make staff members more knowledgeable regarding new developments and changes in their specialized fields and assist them in utilizing new and improved methods in practice.

Programs of in-service training are and will continue to be established to provide an opportunity for the continuous professional and technical growth of staff members to meet the priorities identified within the district. These programs are developed by the Superintendent/Principal in consultation with teaching staff members.

Today's dynamic and rapidly changing society, with the tremendous accumulation of new knowledge and attending obsolescence in some areas of practice, makes it imperative that all administrative and teaching staff members be engaged in a continuous program of professional and technical growth.

The South Hackensack School District's program for staff development, both in-district and out-of-district, shall assist in preparing staff to provide a thorough and efficient educational program for all students being served by the school system.

Staff Development Activities

1. Attendance at Out-of-District Activities/Programs

Teachers and administrators are encouraged to participate in professional meetings and programs through released-time and by providing reimbursement to staff members for registration fees and purchase of relevant materials. Teaching staff members are encouraged to attend: conferences, workshops, seminars and conventions.

Course reimbursement, up to nine credits per year, is given to staff members for post-graduate study.

Classroom visitations to various districts are encouraged. Of special note, cross-school teacher visitations are made involving teachers from Hackensack sending districts, including teachers from Maywood, Rochelle Park, South Hackensack and school districts within the South Bergen Jointure Commission.

Four to Five days are set aside in the school calendar for teacher in-service days. On one or all of these days, the district takes advantage of its membership in the South Bergen Jointure Commission by sending teachers to participate in workshops sponsored by this organization.

2. Attendance at In-District Activities/Programs

In-district workshops will be given at various times during the school year. These in-service workshops will be sponsored by the board/community and from grants awarded to the school district. Topics offered address identified needs of all programs and services provided in the district.

While educators from within the district are encouraged to conduct some courses, educators are sought from outside the district to conduct other courses.

Teaching staff members are also encouraged to visit the classrooms of colleagues within the district.

When necessary/appropriate, time is scheduled during and after the school day in order to have district teachers and administrators address specific curricula needs with outside consultants.

Grade level/area meetings are planned and conducted by selected teacher leaders who meet with their colleagues to discuss pertinent curriculum topics.

3. Professional Learning Communities are held throughout the year.

4. **Faculty/Staff meetings** are scheduled each Monday afternoon at 3:25 p.m. throughout the year, unless notified otherwise. At this time, all staff members are given the opportunity to contribute ideas and comments concerning staff development.
5. **Professional Materials** Professional reading materials are available to all staff members. These teaching resource materials contribute to professional growth by presenting current ideas and classroom suggestions on topics such as: New Jersey Student Learning Standards; Professionalism; Ethics; Teaching Techniques; Content Area Discussions; Management; Parent Relationships; Staff Relationships; Communication Skills; Student Behavior; Grading and Testing.

This report does not depict the total year's activities for staff training. Specific arrangements are made according to need on an on-going basis.

A copy of the "South Hackensack's Local Professional Development Plan" for the 2018 - 2019 school year, which was developed using standards set forth by the Professional Teaching Standards Board (PTSB), is attached. This plan was approved by the South Hackensack Board of Education.

Approved at August 20, 2018 Board of Education meeting.

SOUTH HACKENSACK SCHOOL DISTRICT

District and School Professional Development Plan 2018 - 2019

District Name	Superintendent's Name	Plan Begins / Ends Date	
South Hackensack	Gregorio Maceri	July 2018– June 2019	
PL Goal No.	Goals	Identified Group	Rationale/Sources of Evidence
1	Build the capacity for all teachers to align instruction and assessment with New Jersey State Board of Education approved curricula, including the development/implementation of the NJSL Standards for ELA, Math, Visual & Performing Arts, Technology, Social Studies and Science; English Language Arts and Mathematics curriculum and frameworks.	Teachers for each content area, Principal and Vice Principal	<ul style="list-style-type: none">A state mandate required the alignment of the curriculum to the New Jersey Student Learning Standards for ELA, Math, Visual & Performing Arts, Technology, Social Studies and Science; 2018-2019 NJSL – All Frameworks and Curriculum Pacing Guides were revised and will be implemented in the 2018-2019 school year;Analysis of 2017- 2018 of district benchmark assessments data indicated weak student performance in reading comprehension in informational text and phonemic awareness in the primary grades, therefore the district will implement the “Readers’ Workshop”© model for grades K-5 and focus informational text and application;The implementation of grades Pre-K to grade 5 NJSL for Science(2nd year of implementation)Analysis of 2017-2018 teachers’ professional development implied the need for more teachers to attend out -of- district sustained workshops/ conferences in all content areas but focusing on Math, Science and Phonemic Awareness.

1: Professional Learning Goals

SOUTH HACKENSACK SCHOOL DISTRICT

District and School Professional Development Plan 2018 - 2019

PL Goal No.	Goals	Identified Group	Rationale/Sources of Evidence
2	Continue implement the “Writer’s Workshop”© model school wide and continue with the Readers’ Workshop© model for grades Kindergarten through five with support from the Literary Coach.	All ELA Teachers in grades Kindergarten through grade 8	<ul style="list-style-type: none">The district’s Literacy Coach will attend a sustained week-long seminar to provide support for the “Readers’ Workshop Model”©;The district’s Literacy Coach will continue to attend the monthly “Writer’s Workshop”© meetings with other districts;Continue to research effective ways to implement both models and turnkey information to faculty at PLC meetings.
3	Continue to attend and implement the Pre-Kindergarten through Grade Five STEAM Program (Science, Technology, Art, Engineering and Math) in collaboration with the South Bergen Jointure Commission (SBJC) and implement a South Hackensack in district grade 6 – 8 STEAM program in collaboration with (SBJC).	All Science Teachers/ Principal/ Vice Principal	<ul style="list-style-type: none">The district does not have the financial resources to implement a STEAM Program by itself; therefore, our teachers and students are attending the programs provided through the South Bergen Jointure Commission at a minimal fee. SBJC will also provide assistance for South Hackensack to transition the middle school STEAM program in district.
4	Based on a complete analysis of the PARCC results the Math Committee will determine the 2018 – 2019 math SMART goal after areas of weakness are determined. All grades will continue to administer the Pre and Post benchmarks tests to assist in driving instruction.	All Math Teachers	Before creating a SMART goal the Math Committee recommended waiting until September when the results can be shared and analyzed by all teachers. Analysis of PARCC results from the previous year and benchmark tests.

2018 - 2019

5: Professional Development Required by Statute or Regulation

State-Mandated Professional Development Activities	
<p>The district has decided to:</p> <ul style="list-style-type: none">• Annual full staff Affirmative Action Training;• Annual full staff Harassment, Intimidation and Bullying Prevention Training;• Suicide Prevention Training for new staff members;• McRel Evaluation System Professional Development for new faculty members;• AED/ CPR refresher professional development (if necessary);• Annual Bloodborne Pathogens training (for select staff members);• Medical training (see attachment);• Annual Coaches Training;• Allergy Training and identification of allergic reactions and protocols ;• Annual "Right to Know" training;• Annual Integrated Pest Management training.	

SOUTH HACKENSACK SCHOOL DISTRICT
District and School Professional Development Plan
2018 - 2019

6: Resources and Justification

Resources	Justification
To meet the Professional Learning needs of the district per this plan, the initial recommendation is to allocate 1% of the district budget for this purpose. The allocation will come from the Local Education Agency LEA funds and will be adjusted if necessary, pending board approval. This amount covers costs for external providers/consultants, materials, technology resources, travel expenses, subscriptions to online resources, and staff stipends. The plan controls expenses by relying largely on in-district expertise to provide the specified activities. The employee contract stipulates that 5 full days during the school year will be dedicated for teacher-directed Professional Learning activities. Professional Learning activities involving work by collaborative teams will be implemented through the team structures and procedures in place.	2017 -2018 data analysis has identified priority areas related to the supervision of instruction to ensure consistent and successful implementation of the newly revised New Jersey Student Learning Standards and Achieve NJ. High quality professional learning experiences which are necessary to support these initiatives and improve educators' practice will be made available through federal and LEA funding. Emphasis will be placed on the development of Professional Learning Communities, promoting teachers and administrators as reflective practitioners, support for the development of high quality SGOs, and effective data use to drive instruction at the student, class and district level.
